## HUSTONVILLE.

Mr. and Mrs. Will Riffe visited relatives in Stanford Saturday.

Mrs. Paralee Murphy is spending this week with Wm. Mullins and wife, near Lebanon.

As a prophet the ground hog of Kentucky, where they are plentiful, is sure the limit.

About the only one on the sick list near here now is Mr. J. W. Powell, who has a severe cold.

Tom Cooper was arrested Saturday for assaulting the 12-year-old grandchild of Lucy Baldock, also colored.

Some night prowlers have been visiting chicken houses out in the country. Guess they are boycotting the meat trust.

Several candidates are taking degrees in our Masonic Lodge. The work was continued Saturday evening until near midnight.

G. W. Coppage has bought the stock of goods of B. W. Edrington & Co., on the Fork at Jacktown, and has taken possession.

Frank Vaughn returned Saturday from a business trip through Marion county in the interest of Myers and Vaughn, live stock dealers.

Rev. W. S. Willis' subject at the Christian church, Hustonville, Sunday morning will be "Hypnotism and Covetousness." No services at night.

A large crowd is assured the play, Tony the Convict, at Alcorn's Opera House Friday night, 25. Better get reserved seats early from Crit Riffe.

Mr. and Mrs. Dowd McCauley left Tuesday for their home at Okolona, Miss., being completely disgusted with the fierce ground hog weather in Kentucky.

Dr. Cook, the Arctic explorer, having been fired from the club he founded, has left Chili on another expedition, and they do say that he is headed for Kentucky.

Before another advance some exceptional bargains can be secured in some fine blue-grass farms, with improvements. Call on or write for particulars to W. R. Williams & Co., Hustonville, Ky.

The Hustonville Christian church is planning for a great meeting to be held by the noted evangelist, James Small, of Kansas City, and the great singing evangelist, A. W. Shaffer. The meeting is to begin Aug. 28th and will run over three Sundays. The church and the minister desire the co-operation of all the churches in the West End in this meeting. They hope all will note the time and avoid arranging any conflicting meetings that all the surrounding country may hear these famous evangelists. Let all plan and also work and pray together for a great revival in our midst. W. S. Willis, pastor; C. W. Adams, secretary.

A trio of country boys visited Junction City recently and one was so profoundly crazed by the stuff imbibed that offensive aggressiveness provoked a gentleman to turn loose a battery and the one decorous member of the three caught a bullet, but fortunately the wound is slight. The youngster who provoked the shooting was still running steadily the next morning fully ten miles from the scene. His first halt was made with a plunge against a door of a country store with such force as to break the fastenings. He, however, had sense enough to realize the danger, and stagger off for aid to repair it. It is currently reported that a good girl is ready to be married to him just as soon as he can find a home which he can rent.

An article in a late issue of the Louisville Post headed, "Trouble Ahead for Camnitz" is certainly the limit on fake news. The statement that Camnitz "had not been sent or even offered a contract" is either an intentional misstatement of facts or the dope of a cheap fan that is prejudicial because of the fact that Kentucky furnished the champion ball pitcher of the world in 1909. On Feb. 7 Mr. Dreyfuss handed Camnitz a contract to sign at a real nice advance in salary over last year. After showing the contract to friends and thoroughly considering the offer, he returned it unsigned and asked for a little further advance. Mr. Dreyfuss says regarding the Cuban trip that Mr. Camnitz was not in his employ at the time, and he had a right to go where he wanted, but that a ban will be in future contracts cutting out such trips.

## Struck A Rich Mine.

S. W. Beeds, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c at Penny's Drug Store.

Three men were killed, two instantly, when yard engine No. 3 of the Louisville & Jeffersonville Bridge Co., attached to a train of 17 cars, jumped the track in the yards at Preston and Washington streets, Louisville.

## IN NEIGHBORING COUNTIES.

Abraham Ringold, aged 76, is dead at Harrodsburg.

George Vaught, aged 25, is dead at his home in Junction City.

Ezra Burge, of Louisville, suicided at Lawrenceburg while on a visit to a friend.

Perry Langford, a well-known citizen of Science Hill, Pulaski county, is dead, aged 30.

David Owens, aged 31, and a Mexican soldier, is dead in the Bourbon section of Pulaski.

Milton, four years old, son of T. T. Covington, of Richmond, died after a brief illness.

The home of Joe Noe, in the Forkland section of Boyle, burned, together with most of the contents.

James Steely, aged 22, had his leg cut off by a freight train near Williamsburg. He was "hoboing" and slipped in attempting to get off.

Central University by defeating Vanderbilt by the score of 52 to 23, is the undefeated Southern champion of the intercollegiate basketball.

A splendid residence in Danville, owned by Miss Jean Warren and occupied by Harold Hays, burned. Only \$2,000 insurance was carried.

The annual 22d oratorical contest between the Chamberlain and Deionlogian Literary Societies of Central University was won by Jack McChord, of Springfield.

John S. Van Winkle, Col. I. M. Dun and H. D. Stiles have formed a partnership and have broken ground for a monster loose leaf tobacco warehouse at Danville.

Circuit Clerk Ben Casey Allin, of Harrodsburg, is being urged by his friends to make the race for clerk of the Court of Appeals on the next democratic ticket, and it is more than likely that he will make his formal announcement within the next few days, says a dispatch.

Hon. Ben Lee Hardin, of Harrodsburg, had a narrow escape from having his eyes put out by the explosion of a cartridge in a pipe he was smoking. While enjoying his favorite cob pipe an explosion took place in the bowl, blowing it from his mouth and singeing his face. By some mistake a short 22 caliber cartridge had been placed in his tobacco jar and he loaded the same in his pipe with the tobacco.

The sudden and shocking death of Engineer Dudderar in the wreck at Waddy caused universal sorrow to his many friends in this city. A man of excellent parts, brave, resourceful and thoroughly reliable, his death comes as a most deplorable misfortune both to his family and to the company for whom he so devotedly labored for over 20 years. Zan Dudderar was exceptionally intelligent and thoroughly companionable. His record as an engineer was most excellent and his untimely end, brought about by an open switch, is all the more deplorable. He was a member of the Christian church and the Masonic fraternity. Peace to his ashes. —Anderson News.

## CHURCH MATTERS.

Services at the Methodist church Saturday night, conducted by Rev. D. W. Robertson.

Elder Granville Lipscomb, one of the most prominent ministers of the Christian church, died at his home in Nashville.

The services at the protracted meeting at Logan's Creek church will begin at 7 o'clock Monday night next, and continue through the week.

Rev. Hiram Johnson, an aged and well known Baptist preacher, is dead in Laurel county. He was the grandfather of County Attorney H. J. Johnson, of that county.

Rev. J. J. Dickey will go to Richmond to-morrow, Saturday, to supply the pulpit for Rev. D. W. Robertson, presiding elder, who will officiate in sacramental services here Sunday.

Elder J. N. Henson, who recently resigned as cashier of Bank of Marshall county, at Benton, to enter the ministry, has been called to the Baptist church at Gilbertsville and accepted.

Rev. W. O. Stanley, father of Congressman Owsley Stanley, of Henderson, has accepted the pastorate of the Christian church at Burksville, Cumberland county. He was for many years pastor of the Christian church in Danville.

Preparations are being made for an all-day laymen's meeting to be held in Danville March 2. On the Tuesday night preceding, a banquet will be given to all laymen in the city interested in mission work. The meeting is the outgrowth of the great laymen's meeting held in Louisville. Several speakers of note will deliver addresses.

There will be held at McCormack's Christian church on March 5th and 6th a Sunday school institute under the auspices of the Kentucky Christian Bible School Association. Walter E. Frazee will be in charge and will give a stereoscopic lecture on the life of Christ. The public is cordially invited to attend all of these meetings. P. W. C.

Nelson was on the verge of a collapse when the bout was stopped.

## Life on Panama Canal

Has had one frightful drawback—malaria trouble that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C. "and I've had good health ever since." ## MIDDLEBURG.

W. F. Wall tracked 13 pole cats to a den last week and captured them without difficulty. As fur is high, he got a nice sum for their pelts.

Our roads are too bad to write about, to say nothing of traveling over them. Why don't our authorities take them in hand and stop the heavy hauling over them when they are wet and soft? As a weather prognosticator the ground hog seems to have taken the cake, and should have taken the bakery as well. We have no recollection of having seen a more "measly" spell of weather than the one we have just passed through.

The graded school here is about the best thing this town ever had. The trustees are highly pleased with the work that is being done and the patrons speak in the highest terms of its efficiency. The school is full up and has been ever since it opened last September. With a splendid school building, well equipped for teaching and a faithful corps of teachers, Middleburg has a school of which her people are justly proud.

Some Nice Things Papers are Saying Over the State of the Sale Of the I. J.

Shelton M. Saufley, a member of the Frankfort News staff, one of the "livest" young newspaper men in the State, has purchased the Stanford INTERIOR JOURNAL from E. C. Walton. He will take charge of the paper at the close of the Legislative session. Judging by the splendid work he has done on the Lincoln county may look forward for a big improvement in the Journal when he takes hold.—Shelbyville News.

Shelton M. Saufley, who has been engaged in newspaper work in Frankfort for a number of years, has bought the INTERIOR JOURNAL, of Stanford, and will take charge of the paper in a few weeks. Mr. Saufley is one of the most prominent newspaper men of the State and is sure to continue the INTERIOR JOURNAL as one of the leading papers of Kentucky.—Cadiz Record.

## Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c at Penny's Drug Store.

During 1909, according to a statement received from the auditor of public accounts by County Clerk Paton, dogs destroyed sheep in Bourbon county valued at \$1,148.24. The amount of money collected for dog tax was 63 per cent. of the total, which is now ready for distribution.

HON. HARVEY HELM

of Lincoln county, is a candidate for re-nomination for Congress from the Eighth district, subject to the action of the democratic party.

### POLITICAL GOSSIP AT THE CAPITAL BY THE EDITOR.

FRANKFORT, FEB. 23.—After a four days' recess the members of the General Assembly came back to Frankfort to-day and will try to accomplish something during the remaining days of the session. Final adjournment will be taken on March 15. As the rules of both Houses provide that the Rules committee of each has charge during the last 15 days of the session, those who are not "next" to that powerful clique, will have to do some strenuous hustling to get by with any bills that the Rules body might approve of. As Representative Shanks is one of the Rules committee, anything that affects Lincoln county will be well taken care of. Until the last ten days of the session, the Legislature can pass any measure it desires over the veto of the Governor, if it desires. Appropriations and other bills which might be endangered by the executive ax will doubtless be pushed through in a hurry by the Rules committees during the first five days of their power. The law provides that any measure which has been passed by both Houses of the Legislature becomes a law after ten days without the Governor's signature, unless he vetoes it. Within the last ten days before adjournment, the Governor is all-powerful. He has threatened to kill any appropriation bill which does not provide the means for raising funds to defray it. Some of the appropriation bills which will undoubtedly be pushed for passage within the next few days, will be those which set aside something like half a million dollars for improvements at the State penitentiaries. There has been much study on penology and criminology in some quarters of the State within the past year or so. The result has been a strong agitation for improved conditions of the convicts and better facilities for carrying on the work of reformation. To read some of the dissertations on the subject, one would think that criminals ought to be sent to a kindergarten or Sunday-school at State expense rather than to be given real punishment for their misdeeds. Many of the improvements suggested are really meritorious, but a large part can be cut out, and should be cut out, both for the benefit of the tax-payers and the surer reformation of and realization by the prisoners that they are not sent to the penitentiary to enjoy flowery beds of ease, but to pay the hard penalty of their wrong-doing. The more comforts added to the prison life, the less terror it will have for the criminally inclined. Some necessary improvements should be made, but much good is being done under present conditions in the Kentucky penitentiaries, and there seems little occasion for the spending of a half million dollars more of the tax-payers' money on them just at this time.

#### FINAL EFFORT FOR UNIT BILL.

From now until the first of March the temperance workers will make their final effort for the passage of the County Unit Extension bill. They still have some hope; at least the more enthusiastic seem to, but some of the cooler heads have already given up the fight and returned home. The House may pass the bill and it may not; it depends on whether it can be gotten out of the orders of the day before the Rules committee takes hold in the Senate. After the Rules crowd gets into the saddle in the Senate, it is all over as far as the Unit bill is concerned there, so there would be no use passing it in the House. It may be done, however, just to put the members in the lower branch on record. The Rules committee in the House is composed of a majority of friends of the measure, but in the Senate the opposite is true.

Talk of bribery in connection with the attitude of certain Senators on the Unit bill has about died out. The investigating committee still meets at regular intervals. It is said that nothing of a definite character can be learned. A charge of bribery is very difficult to prove when both parties to the affair keep their mouths shut. There is no more talk of expelling Senator Jeff Watkins for talking about the rumors relative to the matter, though. The papers in Watkins' district have declared that they will send him right back, and heap still further honors upon him, if the Senate should take such action.

#### TWO GOOD MEN.

Two neighbor Representatives to Lincoln have made themselves popular here this session by their conservative course on legislation and the zeal with which they have looked after their counties' interests. They are W. F. Pittman, of Boyle, and J. O. Bogie, of Garrard. What a contrast between the gentleman from Boyle this session and the one who misrepresented Boyle last session! Quiet and unassuming, Mr. Pittman has, nevertheless, always been on his job, and has loyally reflected the wishes of his constituents. Mr. Bogie is Garrard's first democratic Represent-

tative for four years, replacing a republican, who got in on the Willson landslide. He, like Pittman, has taken things quietly, but has kept in touch with affairs for his people and made himself very popular. Both received good committee assignments and are recognized as two of the substantial and reliable men of the lower House.

#### STATE FARMERS' INSTITUTE.

The State Farmers' Institute is in session here this week. A member of the State Board of Agriculture is to be elected from the Fifth Appellate district, in which Lincoln county lies, and the packing of the county farmers' institutes last year is said to have been for the purpose of securing delegates favorable to one or the other candidates for the place. The election of a secretary of the State Fair, held annually at Louisville, hangs in the balance, and goes whichever way the State Board goes. The candidates for State Fair secretary are J. W. Newman, who has had the place for two terms, and Hubert Vreeland, Commissioner of Agriculture under the last democratic administration. At this writing everything seems to favor the latter for the place. Dr. C. M. Thompson, of King's Mountain, is the delegate from Lincoln county to the Institute, and no better man could have been sent here.

S. M. S.

LEROY PERCY, of Greenville, was chosen United States Senator from Mississippi on the 58th ballot of the democratic caucus by a majority of five votes over former Gov. Vardaman. When balloting was resumed Tuesday night all of the candidates withdrew with the exception of Percy and Vardaman, the vote showing Percy 87 and Vardaman 82. The nomination is equivalent to election.

A DELEGATION of prominent Kentucky Negroes, headed by Dr. C. H. Parrish, of Louisville, called upon President Taft and urged the appointment of Albert S. White as minister to Hayti. The delegation was introduced by Senator Bradley. The appointment was urged on the grounds of the satisfaction it would afford the people of Kentucky, especially the Negroes.

By a vote of 16 to 12 the Watkins county unit bill was run to earth and strangled in the Senate, to the discredit of the democrats be it said.

#### Bobbitt's Plea For The Birds.

There are three principal kinds of bird known as game birds. They take their respective names from their habits. First, the campestris, from campus, a field. Such are partridges, rails, etc. The partridges are the most helpless in a deep snow and empty craw, often starving and freezing to death by whole covies. They pass their time on the ground eating seed and scattered grains of wheat, corn and so forth. They are of great use to the farmer in destroying insects and seeds of obnoxious weeds. They never take up young corn, although they are wrongfully accused of doing so. I have been engaged in farming and fine stock raising for four decades and formerly owned many covies of birds on a preserve, and I know they never take up young corn. They are entirely harmless and are of great use to the farmer and are a delight to the true farmer and naturalist. If I have any left I would not have them killed for a dollar apiece. They camp at night in covies on the ground and fall an easy prey to foxes and other kinds of rapacious animals, and to hawks in day time. In tracking a red fox in the snow I saw where he had caught two one night out of a flock. They roost in a huddle with heads all looking out and listening for approaching danger. They can't see at night and with their many enemies 'tis a wonder that any escape. As it is they are nearer extermination now than ever before. The other birds are sylvestres, from sylva, wood. They are pheasants. They bud in early spring and never eat grain. Theirs is a plant and bud diet. They roost upon the ground, but not in a huddle, but each bird to himself, tho' near each other but not touching. They are almost exterminated. The third kind of birds are the aquaticas, as mallards and ducks of all kinds of a wild nature. They, from aqua water frequent the water and are migratory.

Of all the birds killed by man the dove is the most harmless of any, doing much good and no harm. Never let another dove be killed. Hundreds of hares, commonly called rabbits, were drowned in their nests last spring and are now scarcer than ever before in Kentucky. The squirrels are migratory, often swimming rivers like the Cumberland. Now let us have a game law affording protection to all game for three years and give them time to repopulate their decimated ranks. Let us be cheered in spring and summer with the honest "Bob White." Give us no new laws, nor new offices or increased taxes. Burn up the 800 bills now pending before the two Houses and adjourn and come on home and go to plowing and your many sins will be forgiven, and perhaps even be forgotten till next election. A friend of the birds,  
FONTAINE FOX BOBBITT.

Asserting that he took part in the assassination of Elizabeth. Empress of Austria, in 1898, Christian Keppler surrendered to the police of Cincinnati.

### POLITICAL.

A bill is pending before the New York Legislature to require the flag displayed at polling places on election day.

Local option was sustained in the Virginia Legislature when the Myers bill calling on a popular election to decide State-wide prohibition was reported unfavorably.

The Indian appropriation bill was passed by the National House. The bill as finally disposed of carried an aggregate of over \$8,250,000, exclusive of \$390,000 payable from trust funds.

Col. James Gordon, the venerable Senator from Mississippi, celebrated his last official day in the Senate by presiding over that body for an hour Wednesday while Senator Brown, of Nebraska, was delivering his speech on the income tax.

The President issued proclamations declaring that the following countries are entitled to the minimum rates of customs duties under the Payne-Aldrich act: Morocco, Abyssinia, British Guiana, Guatemala, Ecuador, Bolivia, Peru, Chili, Greece, Portuguese India, Macao, Timor, Cape Verde Islands, Angola, Portuguese Guiana and St. Thomas and Prince Islands.

It is reported from New York that the general opinion prevails that on Col. Roosevelt's return he will insist on the nomination of William Loeb, Jr., for the governorship and will have his way. The republicans believe that the only chance they have of saving a majority in the House through the fall elections is by Roosevelt taking the stump, and if he consents to do this he can have anything he wants in return.

#### Objects to Roller Skating on Pavements.

Will you give public notice to a daily nuisance on the pavements of our city? That is children blockading the pavements on roller skates, making hideous noises, frightening horses, and running the risk of collision with each other and with passers-by and endangering their own lives and the lives of others. My horse has been severely scared several times and has almost upset the buggy. It will be only a short time until some one is dangerously hurt or a life lost and the town sued for damages. The city council should take steps at once to stop this nuisance and fine those continuing to commit same.

### How To

## Collect Your Notes and Accounts.

How can I collect what is owing me? This is the all important question with every merchant, wholesale firm, business and professional men, farmers—and, in fact, every one—to-day. Never has the question been so prominent in the business world as it is today. The loss of a few accounts may eat up your profits in business: the failure to collect a note makes you that much poorer; not being able, or in a position, to give the proper attention, knowledge or experience to the adjustment or examination into some claim in which you have an interest may cause you the loss of many dollars. Our province and our business is to help you in these matters. Whether it is a NOTE or ACCOUNT you are not able to collect; or whether it is some claim in which you have an interest which needs looking into carefully, we are prepared to do it, and do it promptly. This is our business; we make it a study: We have the facilities and we have the experience, and the fact that we have collected many dollars which were given up as lost, is one of our best arguments in favor of what we can do. Our terms are reasonable, and we make no charges unless we collect: We make collections anywhere in the United States. We recently collected an account for a firm in the adjoining county against a man in California. If you have a claim which needs looking after, or a note or account which you want collected, no matter how large or how small, or where the parties live, send it to us. We solicit your business. J. Thus far only one candidate has announced—Hon. Harvey Helm, of this place.

THE fiscal court, at its meeting here Tuesday, let the contract for a bridge over the Hanging Fork between the Hustonville pike and McKinney. The Cincinnati Bridge Co. was awarded the contract and the price to be paid is \$1,300, \$500 of which is to be donated by citizens of the West End of the county. The remainder, \$800, is to be paid out of the levy of 1912.

OUR editor's Frankfort letters are greatly enjoyed by the thousands who twice each week peruse the columns of the "cheapest and best." They tell in a concise way what the Legislature is doing and are alone worth more than the price of the paper. That our people appreciate the I. J. is shown in the large number of voluntary subscriptions, the number sometimes running up to a dozen a day.

"Not in the years I have been on the bench have I had such a time getting a grand jury," remarked Judge M. C. Saufley to an I. J. man. "I excused man after man on account of sickness in his home and more than double the usual number were summoned to select a jury from." Following is a list of those who qualified: H. F. Newland, J. F. Cummins, J. G. Warriner, E. T. Pence, Sr., J. L. Anderson, R. S. Scudder, J. H. McAllister, Jr., T. J. Ellis, W. G. Acton, Levi Bell, W. L. Cordier and John Raney. Mr. Pence was made foreman. The grand jury finally got down to business Tuesday afternoon and many witnesses are appearing before it daily. No cases requiring juries will be tried this court and the term will be an unusually dull one.

TONY THE CONVICT.—A comedy drama in five acts. Don't fail to see "Tony the convict" at Alcorn's Opera House, Hustonville, to-night, Friday, Feb. 25. This most interesting play will be given by the Students and friends of the Hustonville Graded School. Proceeds for the benefit of school library. Come!

THE initial meeting of the new Stanford brass band was held in Manager Ed Wilkinson's offices Monday night and the members are much encouraged over its prospects. A number of old band men, among whom are three experienced cornetists, have consented to help the younger members to get their "first wind," and with the assistance of the community at large and the financial aid of those able to contribute, the organization will be a success from the start. Nothing gives a town more elation than a good band, always ready when public or other occasion demands. There is plenty of talent here to draw from. A list of officers and members will be given out after the next meeting.

DEPAUW.—Mrs. Nannie Marrs Depauw, aged 79, died Wednesday afternoon at the home of her niece, Mrs. W. G. Withers, of the infirmities of advanced age. She was the relict of Charles Depauw and the last surviving sister of the late John Marrs, former editor of the Lancaster Record and Danville Advocate and an aunt of G. W. Doneghy, of the last named paper. For many years Mrs. Depauw had made her home with her relative, Capt. B. F. Powell, in this county, and was greatly beloved by his family. Since early childhood she had been a member of the Christian church and her life and conduct was at all times commensurate with the teachings of her Maker. After services by Rev. D. M. Walker at the home of Mr. Withers at 10 o'clock this morning, the remains will be taken to Danville and laid to rest in the cemetery there.

THIS Friday afternoon, Feb. 25th, at 2 o'clock, there will be an open session of the Literary Society in the Stanford High School. Admission free. All patrons and more especially parents of High School pupils are earnestly requested to attend. It is no entertainment program but one such as we have in our regular rhetorical exercises. Show the pupil, teacher and school the warm glow of personal interest and mutual help will result. Show a personal regard for the work that is being done for the uplift of the child; for that is the heart and motive of the school and its work. There is a practical work being done in many lines of school activity about which the patron knows little. Some one may say that if pupils are given principles, they will not need the application that training in rhetorical gives, but that is a mistake. The Golden Rule can be learned and understood by a child of ten years, but we have been more than 1900 years in learning to apply it and have not made a great success as yet. "Not regal robe nor queenly crown, Nor halo fresh from stricken fields, Nor soundest statercraft's wide renown, Confers the spell your presence yields." Come!

FOR SALE.—Lot of locust posts. Will cut to order. J. M. Ware, Stanford, R. F. D. No. 1. Telephone No. 7-24.

T. C. BALL sold to W. P. Long a house and lot on the Lancaster pike and to Solon Craig a house and lot in Macksville.

DOGS got into J. T. Dudderar's sheep Wednesday night and killed 32 out of the flock of 45. The rest were maimed and so badly frightened that they will do no more good.

MRS. A. D. REID is in Stanford to teach a short term in physical culture and elocution. She is one of the most successful teachers in the State. The press of the best towns of Kentucky and other States speak in the highest terms of her work. It is claimed that the drills in the army and navy prolong life ten years. Why not drill our girls and boys at home?

MATRIMONIAL.

Archie Caughley and Miss Mollie Wilcher were made one here Wednesday, C. L. Camden and Miss Jennie Hicks, were made one at the home of Squire J. A. Singleton in the Waynesburg section by that gentleman Tuesday.

J. R. Calhoun, a prominent young farmer of the Forkland section of Boyle, was united in marriage to Miss Maude Mounce, of the same neighborhood. Rev. A. Pike, of Brodhead, performed the ceremony.

Mr. R. G. Hampton and Miss Minnie Sine surprised their many friends by driving to Lancaster Wednesday evening and having the nuptial knot tied. They were accompanied by Miss Minnie Woods and Mr. A. L. Pence. So well did the contracting parties keep their secret, that no one knew of their intentions until yesterday morning when the word came that they were married. The happy couple returned from Lancaster yesterday afternoon and they are for the present domiciled at Mr. Hampton's handsome home on Logan Avenue. The bride is one of Stanford's prettiest and sweetest young women. She is highly accomplished and universally popular. Mr. Hampton is a fine young man, sober, industrious and honorable. He holds a responsible position with the L. & N. and no man connected with that great corporation stands higher with the head officials. They had been sweethearts for some time and now that their fondest hopes are realized they should be, and doubtless are, very happy. Their friends, and they are many, are showering congratulations on them and the INTERIOR JOURNAL and its managing editor join them in wishing them all the happiness that can come their way. We are told that Mr. and Mrs. Hampton will likely locate at Lebanon Junction and should they do so, Stanford's loss would be that enterprising little city's gain.

The Best Hour of Life.

Is when you do some great deed or  
discover some wonderful fact. This  
hour came to J. R. Pitt, Rocky Mt., N.  
C., when he was suffering intensely, he  
said, "from the worst cold I ever had."  
I then proved to my great satisfaction  
what a wonderful Cold and Cough cure  
Dr. King's New Discovery is. For,  
after taking one bottle I was entirely  
cured. You can't say anything too  
good of a medicine like that. Its the  
surest and best remedy for diseased  
lungs, Hemorrhages, LaGrippe, Asthma,  
Hay Fever or any throat or lung  
trouble. 50c., \$1. Trial bottle free.  
Guaranteed by Penny's Drug Store.

It is not likely that the Frankfort  
investigation of bribery will find any  
Senator guilty. The work was too well  
done for that. But the public has seen  
the political buzzards hanging over  
Frankfort and that is enough. No  
matter what the committee reports the  
verdict of the public will be guilty, but  
not proven.—Elizabethtown News.

Someone remarked that the noise of  
the Powers-Edwards campaign would  
be so loud that it would be heard from  
the Great Lakes to the Gulf. Yes; and  
that isn't the worst. The stench will  
be so fierce that the Italians in New  
York City will not be able to tell the  
difference between garlic and sweet  
peas.—London Democrat.
